

School Cancellation Policy

There may be times due to inclement weather or other unexpected events that will require school to be cancelled at Bridgewater Academy. The decision to cancel Bridgewater Academy will cautiously be made by the director. Bridgewater Academy's top priority is the safety of faculty and students. If the decision is made to cancel school, the announcement will be made on our webpage, Facebook page, news and radio stations, and an email will be sent out to all families. In the event school is canceled, South Carolina State law requires that day to be made up before the end of the school year.
